#### Reference:

Based on transferred experience and recommendations of Mr. Culovic Dragan, the solution Biocomplex AM was used on the dairy farm "Spreca – Donje Vukovlje" (**comment**: Bosnia and Herzegovina).

The solution was used for udder washing before milking.

The observed results:

- Clean and shiny milk;
- Reduced time and labor for milking preparation;
- Udder and skin degreasing;
- Larger pouring of udder and tits;

The mastitis was reduced for 5.8% in 15 days of testing compared with 15 days prior to the tests.

**Objasnenje**

Na osnovu prenesenog iskustva i preporuka g. Šulović Dragana sredstvo Biocomplex AM je korišćeno na farmi mužnih krava „Farma Spreča“ Donje Vukovije. Sredstvo je korišćeno za pranje i njegu vimena prije mužje. Postignuti efekti koji su ispoljeni neposredno nakon mužje i ogledali su se u sledećem:

- Čisto i sjajno mlečno ogledalo
- Manji utrošak vremena i rada na pripremi vimena za mužju
- Razmekšanja kože sisa i vimena
- Jaća nalivenost vimena i sisa

Produženi efekat ispoljen je manjim brojem mastita za 5,8% u periodu trajanja ogleda (15 dana) u odnosu na prethodnih 15 dana.
